

Teams

See below a photo of our **2025 Team Canada**, our National Physics Olympiad team, who will be competing in the 2025 International Physics Olympiad (IPhO) in Paris, France, this July.
[from left to right: back row: Wuhua Zhu, Hongji Huang, Zander Li, Robert Yang and He Gong; front row instructors: Simin Bhageri-Najmi, Joanna Karczmarek, Lior Silberman and Andrzej Kotlicki]

A promotional poster for the 2025 UBC National Physics Olympiad Team. The poster features a large, stylized Canadian flag on the left side. In the center, a group photo of the team is shown, consisting of five students in the back row and four instructors in the front row. The text "2025 UBC National Physics Olympiad Team" is prominently displayed in a large, blue, outlined font at the top. Below the photo, the text "Bringing Canada's Top Physics Talent to the world stage." is written in white. The bottom left corner contains the UBC logo and the Canadian Association of Physicists logo. The bottom right corner features the IPhO logo, the text "International Physics Olympiad FRANCE 2025", and the UBC Department of Physics and Astronomy logo.
